
MUSIC MOTIONS

Music Monitor

For theatres only: **Music Motions** will be distributing a four-minute clip of **Carly Simon's** "It Happens Every Day" as a short for theatrical exhibition. Directed and lensed by **Michael Oblowitz,** the clip takes place in a diner, where Simon is mourning the loss of a lover. Music Motions intends to continue producing clips for theatrical plays in the belief that music shorts will "enhance the moviegoing experience," a spokesman says.
